Southwest Regional Council of Carpenters Statement on Construction Stoppage at MSG Sphere in Las Vegas

For the past three weeks we have been working around the clock, 7 days a week, to keep job sites safe and open. Today, we have been in constant contact with MJ Dean Construction regarding this shutdown. There will be a period of buttoning up the project over the next few weeks. We are hopeful something changes in the spread of the virus, during these few weeks and construction on this project can go on with minimal interruptions. We will continue to be transparent in this crisis and do our best to keep carpenters and the construction industry up to date with the most current information.

- Frank Hawk, Vice President, Southwest Regional Council of Carpenters
